

# Meeting Point

CONFERENCE & CATERING

# We're here to make a difference.

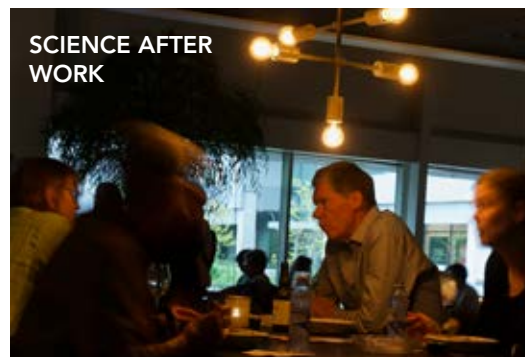

*We are not a traditional conference organizer. We are a meeting place for researchers, entrepreneurs and others focused on life science. A place where ideas are born, collaboration flourish and deals are completed.*

The goal of what we do is to create good conditions for research and innovation that favor people's opportunities for a better life. With a non-profit foundation as owner, whose purpose is to support causes that benefit scientific research and innovations in above all medicine and life science. A foundation which, with the support of surpluses from, among others, Medicin Village, has donated more than SEK 164m to research since 2005.

Our sustainable platform makes us unique. But we also want to be different in the high quality we offer you as the person responsible for a small or large event. The basis for this is our wide range of conference rooms, with high quality furnishing and modern equipment as well as a high level of peripheral service in the form of a dining room, café and flexible catering. More important, however, is the soft factor. That we who work here aim high and work hard to create meetings that stand out, more than just renting out premises for events.

In practice, this means that we are happy to discuss how we can contribute to the right level of event participants in the right number. Based on our science park focused on life science with 2,600 employees in 180 businesses. But also with the support of our good contacts with key players within the life science industry in Sweden and on the other side of the strait. Often we can also contribute with advice and action regarding speakers and programs. That extra added value comes because we are a research park owned by a non-profit foundation that focuses more on social benefit than profit, not a traditional conference organizer.

Last but not least, we who work here are professionals at what we do. Regardless of whether it is about creating, marketing and implementing events, or preparing and serving really good and healthy food using Swedish ingredients. And everything in between.

Inspira at Medicon Village offers an attractive platform for events, conferences and other meetings. An important part of that is the restaurant business with food that, where possible, is prepared with ingredients from committed suppliers in the local area. Like beef from Blentarp, Scanian pork from Kristianstad, chicken from Bjäre, turkey from Ingelstad, fish with a climate-smart and environmentally friendly focus and vegetables from growers in the surrounding area. But also raw materials originating in distant countries, when it feels natural.

In addition to lunches, refreshments are offered for conference activities and catering. Example of the lunch menu's content:

- today's in the form of i.e. pulled beef burger, porchetta, garlic-roasted potatoes, baked tomato and herbal yoghurt, chicken Marrakech, southern French fish stew, beef cheeks baked overnight in hot pot and other things that go beyond the ordinary. But also household favorites such as boiled veal in dill, meatballs with mash and Scanian pork side and pickled root vegetables.
- a hot vegetarian option new every day.
- dishes with Asian inspiration such as Korean bimbap, Indian stews, Thai wok, salads, spring rolls and soups.
- salad buffet.
- bread buffet with a rich selection of different types of bread, including at least one day-fresh sourdough bread for lunch supplemented by hard, crispy and coarse breads.

Café Inspira is located directly next to the restaurant. Takeaway food, pastries and an espresso machine for quality coffee create good conditions for relaxed socializing from morning to late afternoon. For informal meetings, coffee, breakfast, lunch or everyday hanging out with colleagues as an inspiring break.

# Auditorium

## [EASY MODE]

### BUILDING

Inspira, ground floor with own entrance near parking garage.

### FURNITURE

Fixed furniture: cinema seating with 140 armchairs and ten extra fixed seats. If necessary, the number of seats can be increased to a maximum of 180 by deploying extra chairs. If extra seats are desired, this must be announced well in advance of arrival.

### CATERING

Set up outside the room.

### TECHNOLOGY

Projector. 2 hand microphones. 2 headsets. Wifi. You must bring your own computer. Technician is not available during the meeting.

### OTHER

The premises rent includes the auditorium foyer, where there is space for e.g. small exhibitions, coffee, mingling and registration. This meeting concept can only be booked for simpler meetings (few speakers) where the organizer himself has a person in charge on site who 30-60 minutes before the meeting receives instructions on how the technology in the room works. Meeting Point reserves the right to determine whether a particular meeting works in Easy Mode or whether Advanced needs to be booked. Eduroam access.

# Maxi

## HOW TO BOOK

Email, call or visit Meeting Point:  
meetingpoint@mediconvillage.se • +46 46-275 60 31

## BUILDING

Inspira, farther part of major dining area. Can be screened off with drapes from floor to ceiling.

## FURNITURE

Restaurant furniture for 60 p alt cinema seating for 80. The room is normally used for dining, but is very flexible. Refurnishing possible at an extra charge and must be notified well in advance of arrival.

## CATERING

Set up outside the room.

## TECHNOLOGY

170" LED screen. 2 headsets. 2 hand microphones. Fixed USB camera aimed at the stage for easier hybrid meetings (sound from microphones). Wireless image transfer between computer and screen alt HDMI cable. Speaker. 2 portable ear loops. Wifi. Stage 6 x 3 m. Eduroam access. You must bring your own computer.

# Finding us.

## BY CAR

We are located in northern Lund next to the E22 highway. If you enter Scheeletorget/Lund on the GPS, you will come to Inspira, where Meeting Point is located.

Behind Inspira is a parking garage containing 600 spaces, of which 60 have a charging post (3.7-7.4 kW, Type 2) and 15 adapted for the disabled. Parking tickets in the parking garage are purchased according to the operator LKP's instructions. More information at <https://lkpab.se/vara-tjanster/betalmetoder/>.

In direct connection to Inspira, a smaller number of fee-based outdoor parking spaces with a time limit of 2 hours are offered. Additionally offered outdoor parking spaces are available in the northern part of Medicon Village. P-tickets for these are purchased in your mobile via Parkster's SMS service or app (Iphone and Android), alternatively directly from the ticket machine. If the SMS service is used, the social security number is entered at the first purchase to create an account with Parkster. If you use the app, you register directly in connection with the first purchase of a parking ticket or via Parkster's website. More information at <https://www.parkster.com/se/for-drivers/sms/>.

## BY TRAM

From Lund C (Clemenstorget) the journey to Ideontorget takes 7 minutes by tram. The walking distance from Ideontorget to Inspira is 700 m. Google "skånetrafiken tram" for the current timetable!

## BY BUS

Several bus lines stop within a 5-minute walking distance from Medicon Village: lines 103, 170 and 171 on Ole Römers väg and 6,7 and 159 on Tornavägen near Sparta. See timetable at [www.skanetrafiken.se/](http://www.skanetrafiken.se/)

## BY TAXI

If you choose a taxi, the journey from Lund C takes about 10 minutes. A car from Taxi Skåne is ordered at <https://www.taxiskane.com/> or +46 40-330 330. State that you want to go to Scheeletorget 1 (where Inspira and Meeting Point are located).

## QUESTIONS?

Email, call or visit Meeting Point:  
[meetingpoint@mediconvillage.se](mailto:meetingpoint@mediconvillage.se) • +46 46-275 60 31

Inspira is the hub of the Medicon Village meeting place, the largest science park in Scandinavia with a focus on life science.

Located at Scheeletorget in the middle of Kunskapsstråket. With Skåne University Hospital and the University of Technology on one side and the Science Village with the world-leading research facilities MAX IV and ESS on the other. And with neighbors like Ideon and leading companies like Axis and Baxter next door. Everything within walking distance. Or accessible by tram.

A meeting at Inspira is thus often more than just a meeting. It could be something that makes a difference both for you and them you meet in the innovation city of Lund.
